

AI-Rescue: Intelligent Disaster Response & Resource Coordination Platform

Phase 2 Gantt Chart: Core Implementation, AI Engine, Testing, Cloud & Final Defense (September 2026 – February 2027)

Phase 2 Key Milestones:	★ Core Stack Baseline Ready (05 Nov 2026)	★ AI & GIS Integrated (24 Dec 2026)	★ Testing & Cloud Deployment (08 Feb 2027)	★ Degree Defense & Viva Voce (28 Feb 2027)
-------------------------	--	--	---	---

Legend (Development Work Packages):

Environment & Setup

Database Engineering

AI Decision Support

Backend APIs (Spring)

GIS Mapping & Dispatch

Testing & Cloud Hosting

Frontend UI (React)

Degree Defense & Viva

Phase 2 Execution Guidelines & Print Notes:

- Continuous execution: Project setup starts directly on 26 Sep during semester break.
- Concurrent agile sprints: Frontend and Backend integrate in parallel tracks.
- Print on A3 or A4 Landscape fold-out page for maximum legibility in spiral binding.
